Re: Vista Monte at San Luis Rey

Dear Tony,

I would like to take a moment to say thank you for all of your help during our project. Your passion and dedication to us is something we really appreciate and value. On our project of 9 large buildings and 72 unique individual owners your crew went above and beyond. You are an expert in your industry and we have had a great experience with all your painters, your Foreman and entire team. We especially appreciate your communication of updates and notices for the entire community.

I would be happy to be used as a reference so feel free to pass along my number if anyone has any questions about your company. Bottom line is that your company did what you said you would on time.

Sincerely,

Robert S. Belitz
